In D2L Brightspace, instructors can leave feedback for submitted and graded quiz attempts. Feedback can be as simple as your score or can also show questions and answers plus Instructor comments. Follow the steps below to see your Submission and feedback given for a graded quiz.

**Quizzes**

Log into D2L and on the Course Navbar, open Quizzes.

**Select Submissions**

Beside the quiz name: open the drop-down Action Menu, and select Submissions.

**Select Attempt**

Click Attempt 1 under the Individual Attempts heading.

**View Attempt and Feedback**

Depending on what the instructor made available, information about each quiz attempt will be available in the Attempt Submission View. Individual question feedback may be beneath the Questions and answers. Overall feedback may appear beneath the Attempt Feedback section.
